1. ***CREATED WITH BUSINESS***

- More than 200 businesses – including Fujitsu and Skanska – have been involved so you can be confident your T Level will move you to the next level.

2. *GET AHEAD IN YOUR CAREER*

- T Levels give you the chance to learn what a real career is like while you continue your studies.
- Your industry placement will last for at least 45 days – when and how you complete it depends on the T Level, college and employer.

3. *QUALIFICATIONS THAT COUNT*

- When you pass your T Level, you will get a nationally recognised certificate showing the overall grade you achieved - Pass, Merit, Distinction or Distinction*.
- It will also give details of what you learned on the course to help you move into skilled employment or a higher apprenticeship.

4. ***AWARDED UCAS POINTS***

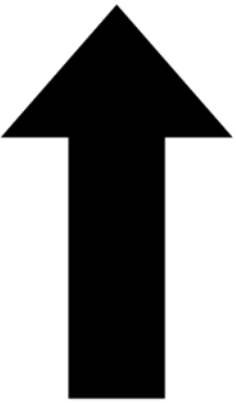

Your T Level will be worth UCAS points – a T Level Distinction* is worth the same as 3 A Levels at A* – and will be recognised by universities and other education providers so you can choose to continue studying if you wish.

5. *LEARN YOUR WAY*

- T Levels involve more classroom study than apprenticeships, which means you can experience an industry while you continue your studies - 20% classroom learning, 80% industry placement.
- Like A Levels, there are no tuition fees to study a T Level if you start before you are 19.
