

Year 12/Year 13: Remote Learning instructions for Wednesday 1st February

Dear Parents and Students in Year 12 and Year 13,

Due to the strike action planned for Wednesday, 1st February, most students will be studying at home.

Please read the guidance below for work to be completed during the Strike Day at home.

As 6th form students, you will have a lot of work to consolidate, so you spend the day consolidating the work in your various subjects.

For some students studying BTEC subjects, you will have BTEC assignments which you should work on to take your grades to a higher level. A-level students should also access practice papers from the websites below to practise answering examination questions in each of your subjects.
