Friday 11th October 2019

Closing date for Bursary Application Forms
Friday 4th October 2019

The Norwood School are proud to offer bursaries to students who show a natural aptitude and passion for the Arts. We are also launching our Maths Scholar Programme this year for gifted Year 7 students who arrive with a drive and talent in Mathematics.

Come to meet our committed, enthusiastic staff and speak to the students themselves about their experiences of Norwood.

Norwood is committed to delivering a curriculum that is rich, challenging and progressive.

"Norwood is committed to delivering a curriculum that is rich, challenging and progressive."

Best wishes
Denise Webster
Head Teacher
Sixth Form Progression
Good Bye & Good Luck!

Congratulations to our Sixth Formers who worked so hard and have done so well!

Look at just some of this year’s stars and high fliers!
What an exciting variety of courses and training our Sixth Form leavers will be undertaking this autumn, congratulations to all of them!

I am so pleased with my results; I did even better than I thought I would and am so proud that I am going to read History and Sociology at Cardiff University.

Sydney (AAB) (with Mr Cox Head of Sixth Form)

I am so excited about starting my Acting and Performance Degree at University of the Arts London.

Samantha (D*DD)

I am so excited about starting my Acting and Performance Degree at University of the Arts London.

Jaydene (A*ABB)

I cannot wait to start my Applied Medical Sciences Degree at University College London.

Olivia (A*C)

I can’t wait to start my Degree in the autumn, “Costume for Theatre and Screen”, Wimbledon University of the Arts London.

Ruby (D*D*C)

I am really looking forward to my Sports Therapy Degree at Worcester University.

Senalom (D*D*D*)

I will be starting my Acting Degree at ALRA in September.

Temitope (DD AC)

I am so excited about going to Essex University to start my Degree in Politics and International Relations Degree.

Kayan - off to Laban to do Dance Degree.

Kian - I am really looking forward to the start of my Acting and Performance Degree at University of the Arts London.

We remain extremely proud of the numbers of students who have been achieving the highest grades again this year, across the board, in a range of subjects. Despite the continuing increased challenge, we are seeing significant improvements across many subjects.

**GCSE Results**

**Who’s doing what next?**

Emma Hasakova
- 4 Grade 8's, 4 Grade 7's, 1 Grade 6

Kelly Gomes
- 1 Grade 9, 1 Grade 8, 7 Grade 7's and 1 Distinction

Bartosz Naporowski
- 6 Grade 9's, 3 Grade 8's, 1 Grade 7 and 1 Distinction

Kalen Laffey
- 1 Grade 9, 3 Grade 8's, 2 Grade 7's, 1 Grade 6, 1 Grade 5 and a Merit

Miriam Asubonteng Amoako
- 2 Grade 8's, 2 Grade 7's, 5 Grade 6's and a Distinction

Ivan Curran Crawley
- 1 Grade 8, 6 Grade 6's, 2 Grade 5's

Sara Sabra
- 2 Grade 9's, 4 Grade 8's, 2 Grade 7's and a Grade 6

Mark Omisakin-Edwards
- 4 Grade 9's, 1 Grade 8, 2 Grade 7's, 1 Grade 5 and a 4

Mymna Cozzolino
- 1 Grade 9, 2 Grade 8's, 4 Grade 7's, 3 Grade 6's

Jaheim Stultz

**Yr 11 Prom**

Cruisin’ the night away!

As is Norwood tradition – students and staff enjoyed another memorable evening, cruising down the Thames in the glorious evening summer sun, celebrating everyone’s hard work at the end of the busy exam season.

It is always such fun to see all our wonderful Year 11’s dressed to impress, dancing the night away and reminiscing about all their happy times at The Norwood School. A huge thank you to everyone who made the celebration possible, in particular Ms Douglas and her team of volunteers!
Spanish Lessons!

After a 5.30am departure from the Norwood School on Sunday 7th July, 38 students alongside Ms Patel, Ms Wells, Ms Johnson and Mr Foster, all flew to the beautiful, historic city of Valencia on the East coast of Spain.

The weather was glorious, the food was delicious and the students all embraced the opportunities to speak Spanish to the locals. We had a guided tour of the old city with José, a local painter and we climbed up the giant Gulliver in the Turia Gardens.

We all had a very bumpy train ride up to an old abandoned castle in the mountains near Xativa, followed by platefuls of tasty paella in a local restaurant. Shopping, of course, was on the itinerary and we browsed the Spanish high street shops, including Ale-Hop, Zara and Pull & Bear. The highlight for everyone was our morning at the beach, where we played beach volleyball, ate delicious ice cream and splashed around in the sea.

Well done to Frank in Year 8 for digging a giant hole, which Mr Foster fell into whilst eating a cornetto! We all returned on Thursday with suntans, smiles and fun souvenirs. Thanks to Ms Patel for organising another great residential and to all the staff and students for a fantastic week in España.

Hasta la próxima!

In Memory:
Gloria Bailey MBE

A loyal and longstanding friend and governor of the school.

It was with great sadness that we heard of the passing of Gloria Bailey earlier this year. A longstanding governor of the school, Gloria was a highly regarded member of the local community. A proud and dignified member of the ‘Windrush’ generation, Gloria and her ‘Derby and Joan Club’ friends were renowned for delighting the students with their fascinating tales of times gone by.

The thanksgiving service was a joyful celebration of a happy and fulfilling life, to an inspirational lady who brought happiness and joy to so many especially all the young people she fostered over the years. As a school, we will always remember Gloria for her unwavering support, kindness and generosity.

Speak Out!
Jack Petchey’s “Speak Out” Challenge!
The world’s biggest youth speaking event!

At the Lambeth final, Thea Pannone, Year 11, did an incredible job as the MC, engaging the audience with her calm confidence and humour.

Our Year 10 contestants, Geovanna and Chelsea, delivered two very different but equally powerful speeches. Both of them stood out among the strongest field of finalists we have seen so far. For the third year running, The Norwood School managed to secure a podium position with Chelsea’s speech entitled ‘Beauty Standards’, getting her third place overall! Chelsea said ‘I believe everybody should have the skills, confidence and opportunity to speak in public’. At Norwood we are proud that our enrichment programme is dedicated to helping people of all ages and levels achieve this.
Can you please sit still!

Students from across the school were invited to submit entries for our annual Portrait Award.

Short-listing the finalists was not an easy task, but the crème de la crème were invited to take part in a day of portrait drawing in the atrium.

Finalists chose their models and enjoyed a day making a start to a final piece that they then had the rest of the week to work into. It is amazing to see just how much talent there is across the school and impressive to see the many different approaches the students had taken, from the realistic or expressive to the abstract.

The final exhibition was open to all staff and pupils for a public vote. The popular winner was Maya Szczelkun from 9JRO — congratulations! First prize was an Ipad and runners up all received certificates and art material vouchers!

1st Prize - Maya Szczelkun
2nd Prize - Ruby Hunter Lewis
3rd Prize - Esme Bailey

Well done everyone!

Creative ideas on show at this year’s Science Fair

It is no surprise to find out that Year 7 have made a flying start to their secondary scientific studies.

It was a real pleasure to see how many quirky inventors we have, children with an eye on developing ideas to tackle the climate crisis and some, whose focus was developing technical machinery that could be used to advance medical science in the future.

Gwenver Griffin Smith explained how her own personal circumstances had inspired her to design and create her project. ‘When I was born I found it very difficult to breathe, the doctors said that my heart and lungs were unable to provide an adequate amount of gas exchange to keep me alive so they put me on a special life support machine. My extracorporeal membrane oxygenation (ECMO) model includes a pump to demonstrate the principal of blood being oxygenated by a machine outside the body.’

Well done to everyone who entered — and thank you to all the families who took the time to pop in before a busy Parents’ evening to support the children.

“Sixth Form Scientists assisting with a fish eye dissection!”
A passport to a brighter future:

We are very excited that so many students have successfully taken part in the Duke of Edinburgh Programme this year.

The programme helps to develop young people for life and the world of work. From volunteering to physical activities, life skills to expectations, achieving a DofE Award will be a passport to our students’ brighter future, valued by employers and universities.

Thank you to all those staff and parents who have helped support the project this year, especially Mr Wolstenholme, who is certainly looking forward to next year with keen anticipation!

Doing DofE has given us opportunities to help others.

DofE has made me want to continue with volunteering.

I think that doing the DofE this year has helped me make a positive difference to the school community.

It has helped develop my self-esteem.

Mr Wolstenholme reflected of one or two key moments that he would not forget in a hurry!

See what our students have to say about their experiences:

It has encouraged me to try activities that I would never have tried before, especially hiking, camping and trekking.

Getting to the campsite and realising he had left Mr Gorman’s tent in the music classroom. I’m sure he enjoyed the night with Mr Willis!

Taking part in a 9:30pm rescue mission for a group of lost girls – I have never seen students so pleased to see me!
The Performance!

It was yet another fabulous year with an astounding 46 showcases, performances or productions on offer to watch and take part in, and those were just the ones we hosted in school!

Our talented performers have been out and about as well, the Lambeth Music Festival, Lambeth Country Fair, Stratford East, Raw Material, The Coliseum with the English National Opera, Here East and The Speigeltent at Winterville on Clapham Common to name but a few.

2019 Papas Awards

Dancers, songwriters, actors, choreographers, musicians and stage crew members were all celebrated at the annual Performing Arts Performance Awards! Congratulations to all the winners and nominees! Go to the gallery on the website to see pictures of everyone who joined us.

Science, Technology & Dance

Key Stage 3 dancers took part in a ground breaking Dance and Coding project with Studio Wayne McGregor at the technology hub HERE EAST.

The sessions explored how dance and coding can be combined to create choreography. Students participated in a one-day dance and physical computing workshop focussing on data visualisaiton, improvising dance moves in the space and creating movements based on their identity.

‘We created our own systems of coding rules using wires, batteries, a light panel and a coding programme, the audience had control of the technology,’ explained Ms Acham. ‘The dancers started their sequence when the light panel changed colour, the dancers would have to add pre-set dance movements to their choreography before continuing with the original phrase.

The changes were determined by the audience touching metal panels which corresponded with the colours thereby creating interactive dance.’

“We felt extremely valued and lucky to have been chosen.”

ENO Noye’s Fludde at Stratford East

Our long established partnership with the English National Opera continues to develop and flourish.

This year, along with summer work experience programmes, family workshops, trips to see live performances at the Coliseum and master classes and workshops here in school, we were lucky enough to be able to give three amazing Year 8s the opportunity to audition and take part in a professional production of Benjamin Britten’s Noye’s Fludde at the Theatre Royal Stratford East.

“Zion, Alex & John have done an amazing job - you should be really proud!”

“I felt extremely valued and lucky to have been chosen.”

Science, Technology & Dance

The Crucible

Written in the early 1950s, Arthur Miller’s play "The Crucible" takes place in Salem, Massachusetts during the 1692 Salem witch trials.

This was a time when paranoia, hysteria, and deceit gripped the Puritan towns of New England. Miller captured the events in a riveting story that is now considered a modern classic.

He wrote it during the “Red Scare” of the 1950s and used the Salem witch trials as a metaphor for the “witch hunts” of communists in America. We were all totally blown away by the breath-taking staging, marvellous performances and were on the edge of our seats from the very first word to the very last.
Fashion Show & A Level Visual Arts Celebration

It was great to see so many students, alumni, families, teachers and governors join us to celebrate the talent of this year’s Sixth Form art students.

Guests were treated to a Fashion Show in the theatre displaying Lower and Upper Sixth, as well as Year 11 Textiles work. Visitors to the atrium were impressed with highlights from all disciplines - Photography, Art, Graphics and Textiles.

A huge thank you to everyone for all their encouragement and support, especially the models and front and back stage helpers and of course, the Visual Arts team!

We are proud to have so many students moving onto Art College next year, studying a range of degrees from Animation and Graphic Design to Costume for Stage and Screen.

“I’ve loved every minute of my Sixth Form Visual Arts courses and can’t wait to get started on my degrees Course at Wimbledon.”

Olivia, having had work experience in the costume dept at the ENO, completed FAD Fashion course and visited so many galleries and museums has been so great!
The up-and coming talent of Yr 11 Visual Artists on show

We are very proud of the huge numbers of students who are keen to choose more than one specialist subject at Norwood - many choosing two Visual Arts.

This year’s exhibition highlighted the commitment and enormous talent of numerous students who had taken a very personal approach to this year’s exam theme with determination and imagination.

‘Reflections’

We are delighted that so many of them will be returning to study in the Sixth Form and know that with continued support and encouragement, they will be amongst the next generation of artists, designers and makers!
Basketball
Greenhouse Update

We had 5 Boys & 4 Girls representing Team Lambeth for the London Youth Games.

14 of our participants are finishing off the year as qualified Referees, Table Officials & Coaches! Our U14 Boys, U14 Girls & U12 Boys all made the Final 4 of the Greenhouse Basketball League. Our Sixth Form Academy finished 3rd out of 16 teams in this year’s LBA tournament, where we competed against the top Basketball Academies in London. Our very own Coach Lucio was selected as the ‘Coach of the Tournament Award’ for the LBA tournament.

Finally, yet importantly, our Sixth Form has been accepted into the ABL (Academy Basketball League) for next season, which is a big step up for our programme. This means we will be competing at an even higher level with some of the top Academies across the country.

Coach J. Thomas

LIFE Project
London Fire Brigade

Local Intervention Fire Education (LIFE) is an exciting youth engagement programme offering young people the unique opportunity to learn a range of skills through working alongside the London Fire Brigade.

The engaging, intense programme has received 100% positive feedback from all of the students who have participated over the years. Now meet some of this year’s Norwood Graduates. Thank you to Mr Lemmie for all his support and encouragement with the initiative.

‘This course has been a great experience for me and I would definitely recommend it to my peers. The life course has made me realise that I can be a leader.’

‘The experience was amazing, the trainers were inspirational, and really guided us. It has really changed my life and had such a positive impact on me.’

Author Visit:
Dan Freedman

Dan joined students to talk about his life as an author and discuss his new book - ‘Unstoppable’.

He even spotted someone getting stuck into his novel at the end of the school day! It was great to see so many eager readers hanging on his every word!

Miss Johnson, who helped organise the event said that she thought the students would really engage with ‘the thrilling page-turner about the causes of knife crime, a novel that offers solutions and hope.’

Dan explained that his novel was a highly charged story of complex family relationships, misplaced loyalty and finding strength to overcome devastating disappointment.

He thinks that it will appeal especially to sports fans but is also a cracking read for anyone who likes a well-told, engaging narrative.

“ Our Sixth Form has been accepted into the ABL for next season. ”

“ The LIFE course has made me realise that I can be a leader. ”
We are scared...

Students 4 Sustainable Futures Group.
Mia, Maya, Rachel, Lila, Martha and Rosalea.

'We are scared; we don’t care to admit it because we all should be. Scared because 40% of Europe’s plastics are only used once, scattered because once thrown away they break down into tiny micro plastics, which have already been found on most of the world’s beaches and oceans.

We are scared because we eat meat that is farmed cruelly and intensively and do not even think twice about it. Scared because we might not be able to reverse the effects of climate change after 2030.

Scared because we know that we are using more of the earth’s natural resources than we will ever be able to replace. Scared that we can see climate change is creating a global refugee crisis. Scared that unless we act, more than 1 million species will face extinction.

We are shocked that greenhouse gas levels are at an all-time high. Most of all, we are scared because people are not doing enough to make a change.

We all watch the news and frequently see the damage that we are contributing to. We need to start changing the way we live our lives - and we need to do it now.

We wanted our week to be about making that change, making sure people are better informed, inspiring people to be political and find their voice.'
First Give

Well Done team ‘Afruca’, Aminata, Shane, Nyala, Akobuike and Tyreece. Congratulations to everyone who joined in with this year’s First Give Project.

We were delighted to have two special guests join the judging panel - alongside Ms Nicholas, Temi and Venus from the Student Leadership Team, we had Alex Potter, from the Jack Petchey Foundation and Karen Hemani, a local businessman, volunteer and entrepreneur.

Well done to everyone for their participation but a particular mention to those who presented in the final. All three charities were incredibly worthy – The Ace of Clubs in Clapham – who support the homeless, Young Minds, whose invaluable work supports young people with mental wellbeing – but the winners were Afruca, a charity who campaign for the abolition of FGM. We are sure that the £1000 they will receive will be put to very good use.

Re Emerge for Clic Sargent

Emmanuel Nwamadi - a finalist from The Voice - joined us in a celebration of Steven Hughes’ musical talent, friendship and strength in our Re - Emerge evening of fresh young talent.

Students and parents were treated to an evening of spoken word, singer songwriters, The School Band, talented, individual soloists and dance. We are delighted that the event raised almost £1000 from ticket sales and generous contributions, all of which will be donated to the Steven Hughes Fund for Clic Sargent.

African Child Trust

“Education is the great engine of personal development. It is through education that the daughter of a peasant can become a doctor, that the son of a mineworker can become the head of the mines, that a child of farm workers can become president of a great nation.” Nelson Mandela

Students have enjoyed hosting a range of initiatives to raise the profile of this charity who support sending skilled volunteers to support our projects and activities in the communities across Africa.

Eco Week Own Clothes Day

We raised over £850 to support charities nominated by students during Eco Week.

Red Nose Day 2019

Thank you to everyone for making such a fantastic contribution to all the fundraising for Comic Relief earlier this year.

We managed to raise a whopping £1138.30!

Thank you to the Sixth Form Leadership Team for helping throughout the week, for all the staff who ran games and competitions and to all of you who baked, bought raffle tickets, rowed your fastest, wore something red, spent your money at the Fair Trade Tuck Shop or tried to guess the number of sweets in the jar!

Congratulations to Anisa from 7DF - she guessed the nearest in the ‘Guess the number of sweets in the jar’ competition - only two away from the actual 328 and to Blaise in Yr 11 who won the West Norwood Picture House cinema tickets, along with the goodie box to take a friend along to see a movie of her choice.

West Norwood & Brixton Food Bank.

Thank you to everyone for their continuing generosity, donating to the food bank.

Did you know that 1 in 5 families live in poverty in Britain and that the food bank issued 9,809 emergency food parcels last year.

Eco Week Own Clothes Day

We raised over £850 to support charities nominated by students during Eco Week.
PE Residential

Get Outside

Outward Bounds in the Lake District!
Activity Week in Devon!
Sports Days!

Picking up the waterfalls in the mountains.
Thank you to Mr Tomlinson and Miss Dennis who took a team of eager Year 9’s and 10’s to an outward bounds centre in the Lake District in the Spring. It was a really fantastic experience from all accounts - hard work, exhausting, cold and wet but exhilarating and exciting at the same time.

Water bombing in the lake.
The sun kindly shone all week on everyone who ventured down to Devon for the Summer Activity week. Always a popular trip, students took part in a wide variety of events including canoeing, rafting, swimming, trekking and inflatables!

Records Breaking Sports Days
Highlighting the natural talent of so many of our young athletes! Well done to everyone who ran, leapt or threw a personal best!

Recognising Hard Work & Dedication!

Samuel Holden
There are those students who always do the right thing, and quietly get on with the business of school without drawing attention - Samuel is one of those students.

Geovanna Lewin-Rowe
Geovanna has managed to ‘carefully balance her talents and skills’ across the range of things she is involved in, including sports, drama and music. It is perhaps her determination to improve and build on her best that makes her stand out.

Mica McDonald
Mica’s story is one that ‘touched the hearts of many, as someone whose ‘courage and determination’ to succeed has astounded and affected all of those who know her.

Muktarr Samura
Muktarr has developed and nurtured his talents over the last four years at Norwood. He stands out to both staff and students as someone who has been conscientious in ‘getting it right’ and being ‘proactive’ as a student.

Rasheeda McDonald
Rasheeda is a born leader. She has experienced a difficult year and yet she has been an ‘inspiration’ to her peers, demonstrating time and time again that she can bounce back and display a positive attitude.

Mellina Medjebour
Mellina is committed and passionate basketball player. Her achievements in basketball include the NBA Junior Club, representing the school at basketball camp in Madrid, playing in regional games for the London Team in Manchester as well as being part of the National League!

Kayla-Cheray Gray
Kayla-Cheray is a driven and diligent student, who has transformed her whole approach to school. She has persevered and made conscious choices and decisions to better her best, and define her own success.

Nathan Mensah
If only every student could be like Nathan’. His kindness and awareness of others is also seen in the exemplary way he conducts himself in the school’s football team, ‘a true team player’ and ‘all-rounder’.

Jack Petchey Foundation
