Head teacher: Denise Webster NPQH

October 2019

Dear Parent or Carer,

As part of our commitment to safeguarding students, at this time every year we raise students' awareness to the risks and dangers associated with fireworks, the importance of their vigilance and the harm they can cause people.

We have stressed to all students that they should not be involved with incidents involving the unlawful use of fireworks, and that they should not have fireworks in their possession or handle them as young people. We have explained that they run the risk of being asked to leave the school.

As young people under the age of 18, our students are not legally allowed to buy fireworks, and the law says that you must not set off or throw fireworks (including sparklers) in the street or other public places.

Please discuss the risks and dangers associated with fireworks with your child.

Yours faithfully,

Mr Harvey
Deputy Headteacher
